

# TF 08-02: National Approval Certification Program for WMA Technology

- Goal: To find a method to certify WMA processes / materials “fit for purpose.”
- UK Model: TRL and BRE and HAPAS
- NTPEP: National Transportation Product Evaluation Program (May 2009)
  - Run by AASHTO (American Association of State Highway and Transportation Organizations)
  - Less than enthusiastic response
  - Not paving-centric people
- Subcommittee on Materials (SOM) (August 2009)
  - Enthusiastic reception
- Next steps:
  - NTPEP Executive Committee meeting Jan 8, 2010
  - SOM?
  - NCAT?
